Transcriber's Office
FLOOR DEBATE

January 20, 2006 LB 72

PRESIDENT SHEEHY: Thank you, Senator Chambers. Senator Beutler, followed by Senator Synowiecki. Senator Beutler.

SENATOR BEUTLER: I would first of all yield as much time as she likes to Senator Stuhr.

PRESIDENT SHEEHY: Senator Stuhr.

SENATOR STUHR: Thank you, Senator Beutler. Thank you, Mr. President and members of the body. I do hope that we could proceed and vote on this amendment. And I imagine that Senator Chambers and I will have some discussion after that time. The reason that we selected the Secretary of State's Office, as I said earlier, was that they also license the private investigators. And we took some of the same language that is used in their licensing process and included that in this piece of legislation. I believe that the advisory committee that will be working with the Secretary of State will work very diligently. And we did include in the bill, which was not...in the amendment, which was not included in the original draft, basically listing some of those provisions, particularly in an approved firearms training course. And I will just mention some of those provisions. An approved firearms training course shall include but not be limited to knowledge and safe handling of a handgun; knowledge and safe handling of handgun ammunition; a demonstration of competency with a handgun with respect to the minimum safety and training requirements; knowledge of federal, state, and local laws pertaining to the use of a handgun, including but not limited to use of a handgun for self-defense and laws relating to justifiable homicide and various degrees of assault; knowledge of ways to avoid a criminal attack and to defuse or control a violent confrontation; and knowledge of proper storage practices for handguns and ammunition, including storage practices which would reduce the possibility of accidental injury to a child. I do believe that we do need some administration for the licensing process, and I think that Senator Chambers has a different idea of who may offer that lic...firearms license, and I think that we can continue that discussion a little bit later. So I hope that you will advance this committee amendment. Thank you.
